Subject: [External] Water

Please for the love of all seniors, would you deny Blue Granit their extreme request for a rate increase. It is not our fault they are a terribly managed company from out of State. We are not a wealthy community, especially we seniors. I already limit my grandchildrens time in baths and showers, limit my wash use, can't water my yard. Its hard enough paying for groceries, most of us are just trying to stay in our homes and most of us aren't getting anything but soc sec. We already have a property tax increase...we can't pay for Lexington County's outrageous expansion and development. Please.
